de Física

WELCOME

2024

Workshop on Particle Detectors for  
Interdisciplinary Applications.  
September 30 – October 2.

The UNIANDES HEP group organizes on a biyearly basis two schools:

- I. **UNIANDÉS PARTICLE PHYSICS SCHOOL** : 7 schools already organized, 50-60 students
  
- II. **UNIANDÉS PARTICLE DETECTOR SCHOOL**: 6 schools already organized: 40 -50 students\*

**This year we are organizing a focalized detector workshop**

\*The audience for the detector school is smaller because of the “Hands on” computing and lab resources.

## UNIANDES PARTICLE DETECTOR WORKSHOP:

- Attendants from 7 different universities
- 24 speakers
- Plenary talks: Room SD703
- 6 short talks (15 mnutes each + 5' questions); Room SD703
- 2 computing modules : Computing room W301

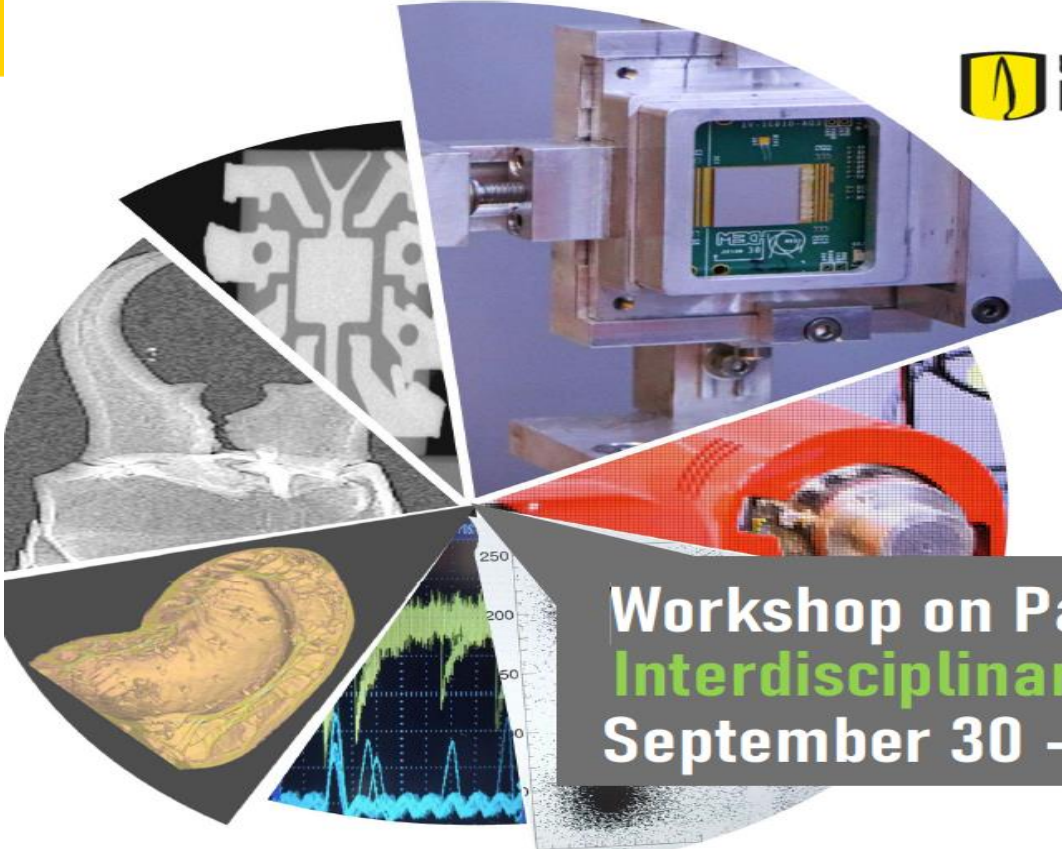

<https://fisindico.uniandes.edu.co/event/16/timetable/#20240930.detailed>

## WORKSHOP FORMAT

SESIÓN	HORARIO	SALÓN
CHARLAS PLENARIAS	08:30 -09:30	SD703
Coffe break: 09:30 - 10:00		
CHARLAS PLENARIAS	10:00 . 12:00	
Almuerzo : 12:00 -14:00		
CHARLAS PLENARIAS	14:00 – 16:00	SD703
Charlas Estudiantes (día 3)	14:00 – 17:15	SD703
Coffe break: 16:00 a 16:30		
Módulos computacionales	16:30 -18:30	W301

## **We thank :**

- All the speakers
- All interested students in this field
- The financial support by the Faculty of science and CERN lab

2024

Workshop on Particle Detectors for  
Interdisciplinary Applications.  
September 30 – October 2.

Let's hope we have a very fruitful workshop  
for everybody!
