

SILAF AE 2026

Monday 30 November 2026 - Friday 04 December 2026

Universidad de los Andes

Programa Científico

Electroweak, Top and Higgs physics

Beyond the Standard Model

Dark Matter

Astroparticle physics

Cosmology and Gravitation

Neutrinos

Flavor physics and CP violation

QCD, QGP and Heavy Ions

QFT, String Theory, AdS/CFT Correspondence

Computing in Fundamental Physics

Outreach and Education
